SUMMARY

Skilled Full Stack Developer with over 3 years of experience specializing in MERN and MEAN stacks. Proficient in React JS, Angular, Node.js, Express.js, and various backend technologies. Passionate about creating exceptional user experiences and optimizing backend performance. Recognized for exceptional skills and leadership.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, TypeScript, React JS, Angular, React Native, Bootstrap, Ionic Framework, Redux, Regular Expression
 - **Backend:** Node JS, Express JS, .NET Core, ASP.NET Web API, C#
 - **Database:** MongoDB, MySQL, PostgreSQL, Snowflake, Redis
 - **Cloud Services:** Azure Functions, Azure Blob Storage, AWS, CI/DC
 - **Other Tools:** Talend ETL, Power BI, Android Studio, SendGrid, Git
-

EXPERIENCE

Full Stack Developer – MERN & MEAN

Paripoorna Software, Chennai & Bengaluru, India

Nov 2021 – Present

Roles and Responsibility

- Developed modern, user-friendly web interfaces with React JS, prioritizing exceptional user experiences.
- Implemented robust backend solutions using Node.js, incorporating serverless computing for seamless third-party integration.
- Resolved server downtime promptly by optimizing code, resulting in improved application performance and reduced API response times.
- Managed product-related data efficiently with MySQL and MongoDB, ensuring streamlined storage and retrieval processes.
- Conducted thorough code reviews to maintain high-quality code standards and adhere to best practices throughout development.
- Facilitated customer calls and requirement discussions, ensuring alignment with project objectives and client needs.
- Led and coordinated team efforts, ensuring adherence to deadlines and successful project completion.
- Reviewed business requirements and estimated efforts for application design, contributing to successful project deliveries within set timelines.
- Implemented reusable components and server-side rendering techniques for efficient coding and improved application performance.

PROJECTS

1. Fintech Website

- Developed a website and mobile application to facilitate loans for village communities.

Technology: React JS, Node JS, TypeScript, MongoDB, MySQL, Azure Functions, Redis, JWT, Git, AWS, Azure

2. E-commerce Website

- Built an e-commerce platform for selling motors and other automation products.

Technology: React JS, Node JS, MySQL, Redis, Bootstrap, SendGrid, Azure

3. Depot Management System

- Designed and implemented a system for managing shipping containers effectively.

Technology: Angular, TypeScript, .Net C#, PostgreSQL, IIS, JWT, Git

EDUCATION

B.Com with Computer Application (B.Com CA)

National College, Trichy

Sep 2018 - Jun 2021

CERTIFICATIONS

- Full Stack Engineer, Magentas (2023)

HONORS & AWARDS

- **Go Getter Award**

Recipient of the prestigious Go Getter Award from Paripoorna Software, recognizing exceptional skills and exemplary leadership within the team (2023).

SOFT SKILLS

- Excellent written and verbal communication
- Strong attention to detail
- Problem-solving capabilities
- Team player with flexible working style
- Capable of working unsupervised
